

DARBY SUPER TRAC PLUS HANDPIECES

Super Trac[®] Plus darby

Darby's Super Trac Plus High Speed Handpieces are made with an ergonomic design. The Standard head handpieces offer greater torque for increased power. The Mini Handpiece has a smaller head that makes for greater access and visibility. Optional Fiber Optics offer superior light coverage. Optional Push-Button Autochuck for fast, effortless bur changing. These single spray/single port water spray handpieces are lightweight with increased durability and performance.
