

# **Synergy Members:** **Don't Get Caught Unprepared!**

Upgrade to Windows 11 Before Windows 10 Support Ends.

## **What's Happening:**

Microsoft ends support for Windows 10 on **October 14, 2025**.

## **Why This Matters:**

Security vulnerabilities grow exponentially when software is no longer supported. Without regular updates, Windows 10 users are left exposed to ransomware, malware, and other cyberattacks.

## **What Should I Do?**

Call HTI first for a free inventory evaluation. We can help you develop a budget and plan to update or replace your computers, including assessing if your Windows 10 systems are eligible for free upgrades.

## **How Can We Help Synergy Members?**

HTI can schedule and perform upgrades remotely during off-hours, minimizing downtime and ensuring a smooth transition for your practice.
