

Get Your Reorder Tags

Up to 50 Reorder Tags are included with your Inventory Starter Pack. Here's how to get them delivered to your office:

Create a catalog in Method.

Create a catalog of the products you want to use for your Inventory Starter Pack Reorder Tags. Your Method CSM will show you how to do this during onboarding.

Not sure which products to choose? We recommend selecting products you frequently order, along with any other items that would halt practice operations if you ran out.

Notify your Method CSM when the catalog is ready.

Once your Reorder Tag catalog is complete, send an email to notify your Method CSM. You will also need to choose whether you want horizontal or vertical tags, along with your preferred design from the sheet provided by your CSM.

Method will ship the reorder tags to your office.

Your Method CSM will finalize your Reorder Tag choices and get them sent for printing. Once completed, the tags will be sent to your office and ready for use!

**Clearfil SE Bond Self
Etch Bonding Agent
Primer Refill 6ml**

Kuraray America, Inc.
1982KA
Restorative & Cosmetic
Bonding Agents

**Using Reorder Tags will help you
save hours of time spent ordering
your Synergy Preferred Products.**

*Additional reorder tags can be purchased at an
exclusive discount through your Synergy
Membership. Ask your Method CSM for details.*
