

Dell C Series Monitors

TEAMWORK REDEFINED.

As the world's #1 monitor company*, we have a wide range of displays with solutions ranging from group to desktop collaboration. Experience smarter, faster teamwork whether you're working from home or at the office.

Contact your Dell representative or visit [Dell.com/cseries](https://www.dell.com/cseries) to learn more.

Elevate collaboration efficiency

Collaboration has never been more important. The transformation of the way we work has further been accelerated and companies are left with no choice but to embrace digitalization. Companies are starting to evaluate and reform.

ENABLING A COLLABORATIVE, FLEXIBLE WORKFORCE

67% of decision makers say that they will be extending remote working arrangements for some employees.**

46% of organizations will be increasing the number of meeting rooms to allow on site workers to collaborate more effectively with their remote coworkers or clients.**

CONNECT. PRESENT. COLLABORATE.

Experience world class collaboration in any meeting space with Dell Collaboration Monitors. We have screen solutions ranging from desktop video conferencing to complete meeting space ecosystems.

Dell Large Format Monitors

Captivate your audience with Large Format Monitors with the latest touch technology, available in multiple sizes and with up to 4K resolution.

Dell Meeting Space Solutions

Simplify meetings with a complete range of hardware and software conference room products that enhance collaboration in any meeting space.

Dell Video Conferencing Monitors

Collaborate like you're there with built-in 5MP cameras, integrated speakers, noise-canceling mic and a dedicated Microsoft Teams button to collaborate instantly.

Why Dell C Series Monitors

OUR DESIGN

Bringing the future of collaboration to the forefront, Dell has designed varying sized panels, offering Dell customers options for building collaboration spaces suited for their budget and business. We have purposeful monitors ranging from desktop solutions (24"-34" curved) to brilliant large format monitors (55"-86") and complete meeting spaces. Truly designed for business, our monitors have varying technologies for superior collaboration you can rely on — whether you're at home or in the office.

OUR PARTNERS

World class technologies need world class collaborators. Dell Technologies has partnered with the world's leading companies in collaboration technology like Microsoft, Logitech and Zoom. With our Dell Meeting Space Solutions, customers are able to get validated conference room ecosystems certified to work, out of the box.

OUR SUPPORT

Dell Collaboration Monitors come with **3 year Advanced Exchange Service¹**, so that if a replacement is necessary, it will be shipped to you during the Limited Hardware Warranty.² And, if you want longer term coverage, you can extend the Limited Hardware Warranty up to five years for additional support.

Present your best

C5519Q

Features: 4K resolution, non-touch, anti-glare surface, OptiPlex Micro Mounting via optional bracket, vertical alignment glass

IMPRESSIVE SCREEN PERFORMANCE

Keep your audience engaged with a 55, 75 or 86-inch 4K interactive touch display, designed for seamless collaboration. See brilliant images in 4K resolution and experience consistent colors across the screen from virtually anywhere in the room, thanks to the wide viewing angle enabled by IPS technology. Anti-glare and anti-smudge coatings reduce distracting reflections and fingerprints for consistent clarity.

COLLABORATE WITH EASE

Group collaboration is intuitive and effortless with up to twenty points of touch interactivity. Write or draw in real time with your fingers or stylus, and erase written content with the palm of your hand — with virtually zero lag. Experience natural and intuitive touch functionality that is compatible with most industry-standard software.

EASY ON THE EYES

Dell ComfortView reduces blue light emissions to help optimize eye comfort over extended viewing periods.

Present your best

WITH DELL LARGE FORMAT MONITORS

INCLUSIVE FOR ALL. EXCLUSIVE TO DELL.

Exclusive Dell Screen Drop is the world's first accessibility feature that improves reachability for users working from different heights.*** Buttons at the side of the panel enable users to lower the displayed image to 3 different height settings so it's within easy reach. This feature is available on Dell 4K Interactive Touch Monitors — C5518QT, C5522QT, C6522QT, C7522QT, C8621QT.

Dell Screen Drop feature provides four convenient height settings:

100%

66%

50%

33%

ALL-IN-ONE SOLUTION

Dell 4K Interactive Touch Monitors feature a unique design that's compatible with the Dell OptiPlex Micro PC (sold separately), which integrates seamlessly into the back panel. This creates an all-in-one solution that simplifies deployment, network management, and allows your IT to easily upload your organization's standard OS image for a display solution that adheres to your company's security and service standards.

LOCK IT DOWN

Prevent accidental shutdown or settings changes with lock mode, a feature that allows IT managers to control the menu and power options.

Transform your collaboration space

WITH DELL MEETING SPACE SOLUTIONS

COMPUTE

Dell OptiPlex Micro is encased at the back of the monitor at the system compartment.

DELL LARGE FORMAT MONITOR

These monitors have a system garage at the back of the display for easy integration with OptiPlex Micro

COLLABORATION SOFTWARE

Dell OptiPlex Micro is pre-installed with your chosen collaboration software

Microsoft Teams Rooms

Zoom Rooms

LOGITECH CONFERENCE CAMERAS & SPEAKERS

Studio quality video, unmatched voice clarity and all-in-one audio visual system, preconfigured and compatibility certified for easy set up.

LOGITECH TAP TOUCH CONTROLLER

A 10.1" touch controller featuring an HDMI input for content sharing.

SIMPLIFY COLLABORATION WITH DELL MEETING SPACE SOLUTIONS

Tested, validated out of the box: These complete conference room ecosystems have been tested and validated to work right of the box. It comes with Dell's smallest, most powerful desktop, the **OptiPlex Micro** preinstalled with leading **collaboration softwares (Microsoft Teams Rooms or Zoom Rooms)**, enabled by the superior screen technology of **Dell Large Format Monitors** and advanced video conferencing peripherals from **Logitech**.

Increase productivity with collaboration-enhancing features, easy connectivity and simplified management — whether you're building an interactive huddle room or a large scale meeting space — there's a solution for every business and budget.

Transform your collaboration space

WITH DELL MEETING SPACE SOLUTIONS

BUILT FOR EVERY MEETING SPACE

Small meeting space

Medium meeting space

Large meeting space

Our meeting space solutions are designed to fit any room, including small collaboration spaces for huddles and brainstorming, medium-sized spaces where teams share information and present, and large spaces for trainings and even modernized classrooms.

WE GOT YOUR BUSINESS COVERED

Our meeting space solutions have you covered with a 3 Year warranty² for Dell hardware and up to 2 years of warranty for Logitech devices.

Team up seamlessly

WITH DELL VIDEO CONFERENCING MONITORS

Transform your virtual experience with a high definition **5MP IR camera**.

Save time signing in with secure, **Windows Hello™** facial recognition that's faster than remembering and typing your password.

Say what you need and let **Cortana** do the rest with hands-free commands.

Comfort meets collaboration with **ComfortView Plus** — an always-on, built-in low blue light screen.

Tilt, swivel and adjust the height of your monitor for a comfortable setup all day long.

TRANSFORM YOUR VIRTUAL MEETING EXPERIENCE WITH THE WORLD'S FIRST VIDEO CONFERENCING MONITORS CERTIFIED FOR MICROSOFT TEAMS†

Collaborate with confidence: World class collaboration technology with razor, sharp video clarity of our pop-up 5MP IR camera with dual 5W integrated speakers that deliver clear, vibrant communication.

Superior connectivity, easy manageability: Outstanding wired connection with RJ45 delivering secure, reliable internet in slow wireless networking areas.

The power of USB-C®: Easily setup and declutter your desk with USB-C — a single cable solution that transmits power, data, video and audio — all at once.

YOUR PRODUCTIVITY HUB

Connectivity to productivity: With wired connectivity like RJ45 and USB-C, your monitor delivers reliable Ethernet, power, audio and video — all in a clutter-free setup.

The power of USB-C: Get up to 90W of power delivery via USB-C and charge your laptop (even when the monitor is off) with the Always On Power Delivery feature. This single-cable solution also saves up to 72% of workspace setup time⁴, reduces cable clutter and transmits power, data and audio — all at once.

Quick convenience: Plug in whatever you need and keep it in reach with the two SuperSpeed USB 5Gbps (USB 3.2 Gen) quick-access ports.

COLLABORATE IN COMFORT

Easy on the eyes: ComfortView Plus⁵ is an always-on, built-in low blue light screen that optimizes eye comfort by reducing potentially harmful blue light emissions while delivering excellent color accuracy.

Designed with you in mind: Navigate the menu and adjust screen settings with the easy-to-use joystick control.

Beauty meets function: This sleek monitor features a small base and an improved cable management design that hides cables in the monitor riser, for a clutter-free desk space at your office or home office.

Dell Monitors

Innovative, award-winning Dell monitors offer a broad selection to fit your needs and budget, with key features to help boost productivity, unsurpassed reliability, and the industry's most advanced monitor technologies.
