QUALITY...

We've been repairing both medical and dental handpieces and power systems since 1997, so you can trust Brasseler USA to provide you with quality repair service for your high speed, low speed and electric handpieces.

GREAT PRICE...

Brasseler USA has become a leading supplier of dental instrumentation by following our successful value model: work directly with you, the end user, eliminating the middle man. This allows us to provide best quality and save you money.
