kleer®

Get started with Kleer's powerful membership plan platform

We have helped thousands of dental practices & DSOs across the country and collected the intel on what success looks like — and how **you can achieve it**.

Software to build customized, price-optimized membership plans.

Automation for easier day-to-day plan management.

Integrations to streamline your practice's tech stack.

Data insights for visibility into multiple areas of your practice.

Personalized support, training, and onboarding that's available at every step — from anywhere.

Customized marketing tools to support the transition of existing patients and addition of new ones.

DSO

Increase patient visits and loyalty

With routine hygiene included, Kleer patients complete 2-3X more hygiene reappointments than other uninsured patients.

[Read more](#)

GROUP PRACTICE

Help patients say YES! to treatment

Patients accept more treatment and generate 3X more production than other uninsured patients.

[Read more](#)

GROUP PRACTICE

Coverage to remove barriers to care

Kleer membership plans help all uninsured patients and their families get the care they need.
