

ONLINE OSHA COMPLIANCE PROGRAM HIGHLIGHTS

YOUR COMPREHENSIVE ONLINE OSHA COMPLIANCE PROGRAM

TRAINING:

Complete your Bloodborne Pathogens, HIPM, GHS Hazcom, and DOT training and receive a certificate of training upon completion. Keeps track of your training and reminds you when it is time to take a refresher course.

Employee view:

- Complete the training in one or multiple sessions
- Complete HIPM training in one or multiple sessions
- View the training status of all of your current and past training

Administrative view:

- Assign training to any employee, or let them take training without being assigned
- View and manage the training status of all employees
- Send training reminders

MSDS:

- Material Safety Data Sheets management. Search, print, and organize all of your MSDS's. Search through our library of millions of MSDS's and get your exact MSDS in seconds.
- Save the selected MSDS
- Categorize any selected MSDS
- Print the MSDS
- Add notes to any saved MSDS
- Request or upload an MSDS not found in our library

SAFETY PLANS:

Complete the OSHA required safety plans in less than one hour. Easily edit the safety plans if there is a change in employees or protocol. Includes:

- Emergency Action Plan
- Exposure Control Plan
- Fire Prevention Program
- Hazard Communication Program

SAFETY AUDITS:

- Audit the office or facility to make sure it is in full OSHA compliance.
- (creates a full graphical report, complete with comments, photos, and corrective action plan)
- Over 75 different audits
- Assign corrective actions on safety deficiencies
- Add notes to deficiencies
- Take a photo of deficiencies

ICD-10:

Be prepared for the conversion from ICD-9 to ICD-10. Includes:

- ICD-10 code search, view, and manage
- ICD-9 code search, view, and manage
- ICD-9 to ICD-10 conversion
- Store and manage both your ICD-9 and ICD-10 codes

MYDOCS:

Store all of your training certificates and other documents to keep all of your OSHA compliance documents in one place. Includes password protected mode to safeguard sensitive documents.

MANAGE LOCATIONS:

Organize the facilities documents by rooms, stations, floors, or any other identifiable name. Completely customizable by the user.
