

Less effort, more results

String floss can be messy, awkward and difficult to use correctly. Philips Sonicare Cordless Power Flosser is designed to be effective and easy to use. Ideal for implants and braces too.

Philips Sonicare Cordless Power Flosser

99.9%

Removes up to 99.9% of plaque in treated areas¹

Covers up to 9x the area² of a single jet irrigator

150%

Up to 150% more effective than floss in improving gum health³

Talk to your dental professional to learn more

¹ In an in-vitro study, actual in-mouth results may vary
² Vs leading competitor, in an in-vitro study, results may vary
³ Between teeth, after two weeks, in patients with moderate to severe gingivitis, when used with the Quad Stream nozzle on high setting with a manual toothbrush vs. using a manual toothbrush with string floss

Cordless Power Flosser

Flossing reinvented

Philips Sonicare Cordless Power Flosser

The easy way to clean in between

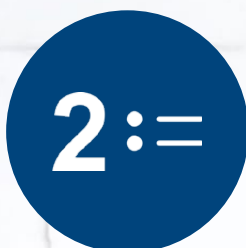

Sleek ergonomic design and 360-degree rotating nozzle allow for easy maneuverability in the mouth

Compact size for convenient storage even on small countertops

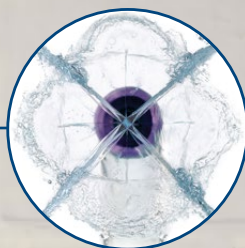

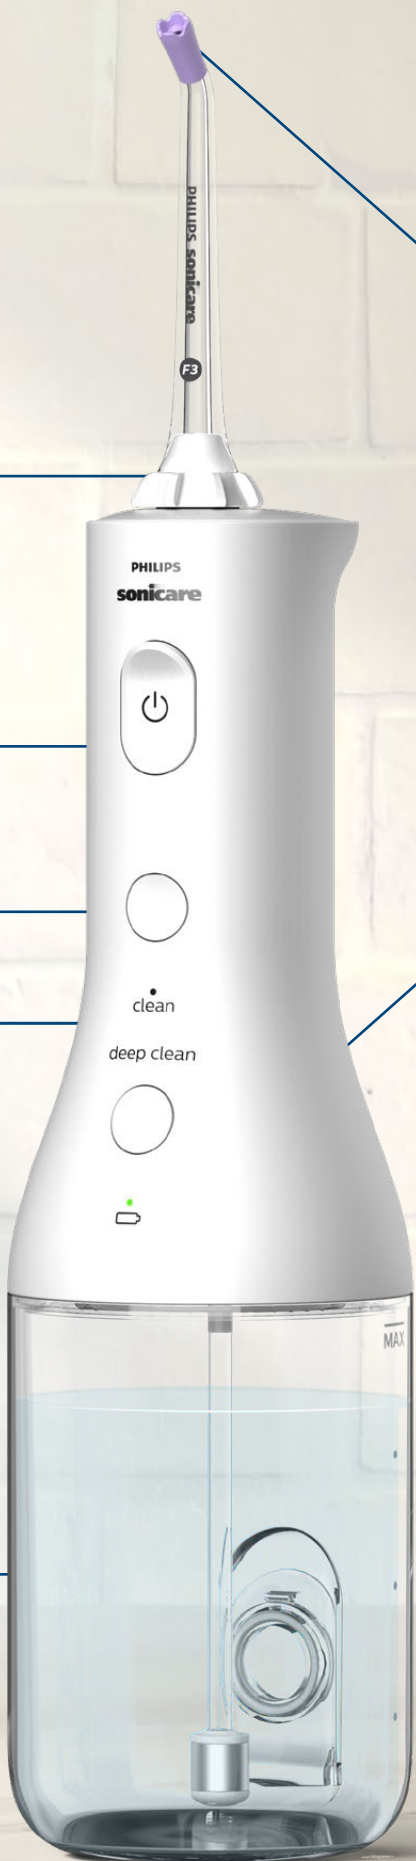

3 intensities

Two flossing modes: Clean and Deep Clean¹

Extra-large reservoir for longer cleaning sessions between refilling

Quad Stream cross-shaped nozzle creates four wide streams for a thorough clean between teeth and along the gumline

Pulse Wave technology creates brief pauses in the cleaning pulsations to prompt you to glide the nozzle to the next space

99.9% Removes up to 99.9% of plaque in treated areas²

¹ Features vary by model
² In an in-vitro study, actual in-mouth results may vary
