**Clinically proven to
whiten patients' smiles
up to 5 shades.¹**

Remove years of stains.³

Gel molecules move beyond the surface of teeth, working to remove intrinsic stains from wine, coffee and tobacco built up over time.

High speed, low sensitivity.⁴

Convenience meets comfort.

Developed by dentists, our gel formula is backed by expertise and proven safe on enamel and gentle on teeth. User trials and testing participants report little or no tooth sensitivity.

Dentist-developed gel.

Proven safe on enamel.

Empower patients to restore their smile with the teeth whitening kit that's clinically proven to whiten with minimal tooth sensitivity without compromising results.

**Easy for patients to mold
trays at home.⁵**

A perfect fit.⁶

Mouth trays mold easily so patients can personalize them, with no labor needed on your part. Trays can be reused and are easily cleaned with water.

**Brighter smiles for
patients in 3 easy steps.**

Step 1

Mold the trays.

Step 2
