

Patients with membership plans spend **2.5x more** than uninsured patients

Why Membership Plans?

A Membership Plan Can Help Practices Increase

Revenue

If at least 10% of your patients are uninsured or underinsured, membership plans offer the perfect solution to provide these patients affordable, consistent, high-quality care.

Standard of Care

Unlike insurance, we don't dictate the standard of care for your patients. You have the power to customize the standard of care that is best for your practice and your patients.

Case Acceptance

Membership plans make care affordable and pricing predictable, so your patients don't have to choose between what they need and what they can afford.

Less Reliance on Insurance

With Subscribili, you can significantly reduce the time and complications of dealing with insurance.

With Subscribili, there are NO MORE:

- Waiting periods
- Appeals processes
- Annual maximums
- Surprises

Patient Loyalty

With easy monthly payments, transparent, predictable, affordable pricing, and your unique standard of care, patients don't need to look elsewhere.

Unlock Your Earning Potential

- ✓ Create recurring revenue
- ✓ Increase revenue from uninsured patients
- ✓ Boost retention

Here's why Subscribili is the leading platform for practice growth and patient retention

1 Seamless Integrations

Our software integrates seamlessly with your PMS, tracks benefit usage, and automatically assigns plan revenue to services and providers, which means easy onboarding and less data entry.

3 Customizable Plans

Build your own customizable, comprehensive plan(s) based on your unique standard of care. You set the subscription price, the included services, and the service discounts.

5 Compliance? Covered

We're SOC 2 Type 2 and PCI DSS Level 2 certified. Security you and your patients can trust.

7 Patient Savings Calculator

We make it easy for patients to see their membership savings on the spot with our built-in patient savings calculator.

2 Superior Analytics & Reporting

Subscribili provides a detailed dashboard and analytics for each one of your plans, helping you identify opportunities for growth & optimization.

4 Our Technology, Your Brand

We'll customize the membership website and marketing materials to look and feel like your own. And we'll host it on your site, so you get the SEO value- not the other way around.

6 HSA-Friendly

Patients can use HSA cards to pay for their plans—easy for them, seamless for you, making the choice to join simple and affordable.

8 Unparalleled Support

We provide unrivaled onboarding support, training for your team, live chat, and Subscribili University-- with answers and resources to help you troubleshoot and answer common questions in real time.
