DIAGNOcam™ Vision Full HD

Innovation in its most beautiful form.

The **NEW KaVo DIAGNOcam Vision Full HD** allows you to capture, present and save three relevant diagnostic images (transillumination, fluorescence, and intra-oral) in less than one second. Seamlessly integrates into your current workflow while providing valuable information to both you and your patient.

You call it amazing — We call it the DIAGNOcam Vision Full HD.
Three-in-one diagnostics.
