

Improve Your Practice

Long-term success is built on trust and results. Perio Protect delivers both. By prescribing Perio Tray™ therapy, you are offering your clientele the best homecare to treat gum disease. And for those patients who may not have known about gum disease in the first place, it's reassuring to know that their doctor not only understands the issue but also has the answer.

Benefits For Members

- Turn-key implementation with FREE team training
- Preferred pricing
- Patient education and marketing materials
- Curated CE programs
- Proven homecare protocols
