Revolutionary scanning performance

Redefine ease of use with our NEW intraoral scanning solution, the Straumann SIRIOS™, delivering highspeed, optimal results efficiently.

The ClearCorrect digital workflow provides a flexible, integrated, and seamless end-to-end experience for you and your patients. Start a new aligner, new retainer, and revision cases, all directly from the Straumann SIRIOS™ scanner.

Go beyond image capturing and redefine the essence of how you interact with dentistry, opening the door to excellence, with the patient at its center.

- Flexible scanning strategy
- Designed with your workflow in mind
- Elevated Straumann experience
